Dear Michael

File Ref: 9798

THREE KINGS QUARRY, CESSATION OF SETTLEMENT

We have received your letter dated 29 August 2005 informing the ARC that there has been a "Cessation of Settlement" as defined in consent no: 12977.

It is noted that two survey points have settled more than 5mm in 12 months and that you consider that this settlement is not caused by dewatering.

The ARC is not in a position to accept your view based on the information supplied in your letter. We ask that you report on the two survey marks (AP17C and AP24) in more detail. This should include a comparison with adjoining survey points and any evidence of an alternative cause of settlement. We also suggest that a site visit with ARC staff would be appropriate.

Could you also supply a spreadsheet, similar to that in your letter, with actual settlements listed, including March 2004.

Yours sincerely

A handwritten signature in black ink, appearing to read 'A. Small'.
